

Pom Pom.

Activity designed by Victoria Spearing

Pom Pom 1

Pom Pom 2

Materials and equipment

Pom Pom handle template

Scissors

Pencil

Coloured card

Pens etc to decorate

2 carrier bags

Sticky tape

Stapler

Double sided tape or glue stick

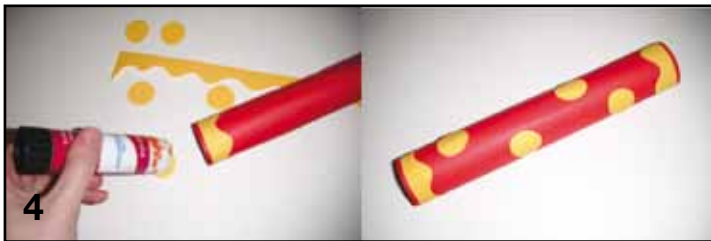

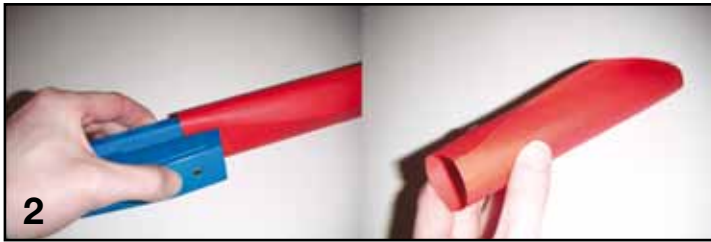

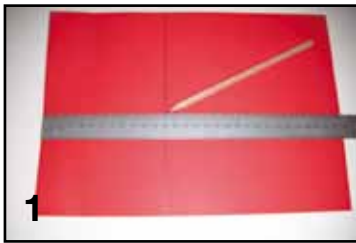

Children must be supervised by
an adult for this craft activity

Pom Pom handle 1 method

- 1 Draw around the handle template twice on coloured card and cut out. (you need two of these handle parts)
- 2 Decorate one side of each of the handle parts, and then put to one side.
- 3 Flatten the two carrier bags out and cut the bottom off of each about 15cm from bottom. Now cut a 10cm strip from the remaining part of each bag.
- 4 Take a 15cm strip and cut slits from one side of the strip to 1cm from the other side along the length of the piece of bag. Repeat with remaining 3 pieces of bag. Each should look a bit like a wobbly plastic bag comb.
- 5 Take one of the 15cm wide pieces and roll it up along the uncut edge starting to create the tassel. Staple the rolled up band together at the uncut end.
- 6 Roll the other 15cm wide band around the tassel and staple into place. Repeat with the remaining two 10cm wide bands stapling into place each time.
- 7 Attach the stapled end of the tassel to the back of one of the handle pieces with tape.
- 8 Attach the other handle piece over the tassel you have just attached to hide the join.
- 9 Wave Pom Pom at carnival.

Pom Pom handle 2 method

- 1 Take a piece of A4 thin card and measure a 12cm wide strip from the narrow edge of the card, and cut off.
- 2 Roll into a tube and secure with a staple at each end. (do not panic if there is a bulge in the card).
- 3 Tape along the join to tidy any bulges and secure joint properly.
- 4 Decorate handle as desired e.g glue card shapes on.
- 5 Make the tassel as instructed in Handle 1 points 3-6.
- 6 Cut a piece of tape (approx 8cm long) and roll with the sticky side out to make a tube/piece of double sided tape.
- 7 Attach your piece of double sided tape to the bottom of your tassel.
- 8 Push your taped tassel into one end of the handle and stick to the inside of the tube.
- 9 Wave Pom Pom at carnival.
